

# GET WRECKED

This route brings together the most famous wrecks of the Red Sea.

At Abu Nuhas, dive the Giannis D with its accessible engine room, the iconic iron-ribbed Carnatic, the Chrisoula K (tile wreck) with easy hold penetration, and the Kimon M.

North at Gubal Island, explore the barge for unforgettable day and night dives, the Ulysses, and, conditions allowing, the deeper Rosalie Moller – a dramatic 2nd World War wreck.

Around Shaab Ali, discover the legendary Thistlegorm, loaded with wartime cargo, then enjoy Shag Rock with its hard corals and the wreck of the Kingston.

Southward, dive the scattered Yolanda wreck with its famous toilets, the upturned Dunraven at Shaab Mahmoud, and even the wreck of former liveaboard Fraser.

At Ras Pieter, trucks and armored carriers from the Six Day War form a unique underwater museum.

Your safari finishes in Sharm with transfers arranged for your onward journey.

Get Wrecked programs take to those must-dive and well-deserved reputations for the world-class wreck. The trip is dedicated to wrecking diving at its most. Everyone is welcome, however, some wrecks are deeper and best suited to technical divers.

## DAY 1

Arrive from the airport to our yacht. Welcome briefing by our Cruise Director & cabin allocation

## DAY 2 - 6

3 - 4 dives, including a night dive if permitted by the authorities

## DAY 7

Max 2 dives on the last day & returns to port

## DAY 8

Trip debriefing, check-out, and airport transport

## Note

- Sample itineraries and maps are for illustrative purposes only. The exact route and sites visited are subject to change based on local regulations, guest experience, weather, and logistics and are at the Captain's discretion.
- Night dives are prohibited at all marine park islands.
